These activities and ideas are based around the book “How many legs?” By Kes Gray and Jim Field”

All activities could be done without the book!
Other stories to read, enjoy and link our activities to.
Ordering the animals!

Time to use your counting skills to order the animals from the fewest number of legs to the greatest!

Get counting!
Talking Together
Order the animals by the number of legs they have.
Start with the animal with the fewest legs.

Learning through Play

A helping hand to where our activities link in our schemes and the EYFS

Reception - Notes and guidance

**Summer Progression**

**Addition and Subtraction**
- Change
- Adding more
- Taking away

**Number and Place Value**
- Numbers to 20
- Counting to 20

**Early Learning Goal**
Children count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number.
Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer. They solve problems, including doubling, halving and sharing.

**Early Learning Goal – Shape Space and Measure**
Children use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems.
- They recognise, create and describe patterns.
- They explore characteristics of everyday objects and shapes and use mathematical language to describe them.
